BELIS 48

BY berelli.

A vertical wall sconce of three textured cast-glass discs aligned on a slim dark rail backplate, producing a stacked composition that reinforces architectural verticality. The fluted glass refracts light along its full height, layering refracted detail against the wall. Specified for residential entries, stairwell walls, hospitality corridors and gallery interiors where a vertical decorative gesture is required.

ORDER GUIDE:

BELIS48-PF03-3000K-010V-IP20

Model:	BELIS 48					
Finishes:	Explore available finish options through the Berelli Studio - berelli.com/studio					
Color Temperature:	2200K	2700K	3000K	3500K	4000K	5000K
