FIORA 30

BY berelli.

An extended horizontal LED wall sconce built around a continuous luminous cylinder with refined end-cap detailing, centered on a stepped backplate. Scaled for wider architectural surfaces, it produces an even horizontal light line across the wall. Specified for hospitality corridors, large vanities, gallery walls and reception zones where extended horizontal proportion is required.

ORDER GUIDE:

FIORA30-PF03-3000K-010V

Model:	FIORA 30					
Finishes:	Explore available finish options through the Berelli Studio - berelli.com/studio
